*Prof. R.A.U.J. Marapana*

*Prof. N. Narayana*

*Dr. N. Priyankarage*

*Prof. S.M.C. Himali*

## **Mission of SLAAP**

“To improve the quality of life of those engaged in Animal Industry, and to enable the production and supply of quality dairy, poultry, fish and other products”

## **Objectives of SLAAP**

- Promote, Assist and guide in the advancement of the animal industry in general with special emphasis on Policy, Production, Development, Education, Research, Training, Extension and processing.
- Create a forum so as to promote interaction between members engaged in the field of animal production, facilitate, fellowship, exchange ideas and develop links which enable them to work as a group.
- Create public awareness, and to promote dissemination of information available on all aspects of animal production through publications including popular Articles, a Farmers Bulletin and a Scientific Journal to be called the Sri Lanka Journal of Animal Production.

## Contents

- Residual feed intake, feed conversion ratio and efficiency of feed utilization of turkey birds fed on gliricidia (*gliricidia sepium*) leaf meal and hybrid napier CO3 (*Pennisetum perpureum* x *Pennisetum americanum*) grass meal containing diets** 1  
S.C. Somasiri, W.P.S.A. Weerasinghe and N.G. Nimalasiri
- Evaluation of microbial and physiochemical changes in bigeye scad (*Selar crumenophthalmus*) during storage and transportation** 8  
R.M.M.P. Rathnayaka, K.P.U.T. Egodaunya and E.D.N.S. Abeyrathne
- Encapsulation of the probiotic *Bifidobacterium animalis* in alginate-skim goat milk and survival in simulated gastrointestinal conditions, low-fat yoghurt, and orange juice** 23  
P.H.P. Prasanna
- Comparison of production efficiency between sole and integrated backyard chicken production systems: a case in Vavuniya district** 37  
A.P.C. Ann, G.L.L.P. Silva and P.M. Korale Gedara
- Effect of neem (*Azadirachta Indica*) leaves and turmeric (*Curcuma Longa*) powder on gastrointestinal strongyle parasitism in goats** 48  
S. Sivanjalli, Maheshika S. Kurukulasuriya, A.M. Samaraweera and G.L.L.P. Silva
